

Mail Theft

Postmaster Jon Gold's response re February 22, 2017 Meeting with Directors Hampton and Hackard

From: "Gold, Jon C - Castle Rock, CO" <Jon.C.Gold@usps.gov>

Date: March 13, 2017 at 18:20:17 MDT

To: Dan Hampton <6daniel@earthlink.net>

Subject: RE: Meeting Thanks

Mr. Hampton,

I sincerely apologize for the late response, but and it was definitely a pleasure meeting with you gentlemen. Also, I would like to thank you for providing me with a copy of your article. The postal inspector in charge of the mail theft in your area gave me an update last Friday. They're finalizing the investigation and will send out the recovered mail, with cover letters, to all involved parties by the end of this week.

If anyone in your neighborhood is experiencing financial fraud due to this mail theft incident, please have them call our local postal inspection service hotline at 303-313-5311 and leave a detailed message. If they simply wish to report general mail theft without financial loss, they may do so at our website www.postalinspectors.uspis.gov.

I certainly appreciate you sharing your success with me and value your recommendations. Our district Manager is already in the process of improving our upstream supplier.

Please feel free to give me an update when you or your neighbors receive the mail from the postal inspectors.

Semper Fi
